ABOUT THE CENTER

Lackawanna College is a private, accredited college with a main campus situated in downtown Scranton. Since its formation in 1894, Lackawanna College's mission has always been to provide a quality education to all persons who seek to improve their lives and better the communities in which they live. As one of the oldest educational institutions in northeastern Pennsylvania, the College continues to empower students to become the next generation of leaders.

That tradition continues with the Sunbury Center that opened in August 2017, located at 1145 N. 4th Street in Sunbury. The center is dedicated to offering opportunities to the students of Sunbury and the Greater Susquehanna Valley.

Traditional and non-traditional students will find that the curriculum at Lackawanna helps provide them with a direct path to a bachelor's degree, associate degree, or one of many different professional certifications.

With focused class sizes, progressive curriculum, and unparalleled student support, Lackawanna will expand higher education opportunities for students in Northumberland, Snyder, and Union Counties, the Central Susquehanna Valley, and its surrounding regions.

CREDIT TRANSFERABILITY

Lackawanna College is currently the only private higher education institution that provides graduates direct access to Pennsylvania State System of Higher Education schools through the Academic Passport. This unique program, which is also open to community colleges in Pennsylvania or from one PASSHE school to another, grants junior status to transfer students.

Outside of the Passport, Lackawanna has signed articulation agreements with a number of private colleges and universities including, but not limited to, Mansfield University, Penn State University, Temple University, and the University of Scranton.

AVAILABLE PROGRAMS

Lackawanna College currently offers the following associate degree programs at its Sunbury Center:

- Business Administration
- Criminal Justice
- Human Services
- Liberal Studies

Our available degree options will provide students with pathways to earn their bachelor's degree at Lackawanna College or transfer their degree to colleges and universities across the country.

ALL OF THESE DEGREE PROGRAMS
CAN BE COMPLETED AT THE
SUNBURY CENTER!

WHY STUDY IN SUNBURY?

“As principal of Shikellamy High School, I am really excited about the opportunities provided by Lackawanna College. Having a Lackawanna College campus in Sunbury provides many unique opportunities for our students to earn college credits while at Shikellamy or by attending the campus itself. Lackawanna College has been great to work with and our students and community will benefit from their offerings.”

PRINCIPAL MICHAEL J. EGAN
SHIKELLAMY HIGH SCHOOL

OUR LOCATION

Lackawanna College Sunbury Center
1145 North 4th Street
Sunbury, Pennsylvania 17801
(570) 988-1931

JOIN AN ACCREDITED INSTITUTION

Lackawanna College is accredited by the Middle States Commission on Higher Education, and that's an important distinction for our students.

Accreditation means that the College meets the principles of the Middle States Commission including maintaining quality assurance and remaining up-to-date with federal regulations. It also ensures that our credits will transfer to other colleges and universities.

The Sunbury Center is conveniently located on the North 4th street complex where there is quick and convenient access to groceries, gas, stores, banks, hair salons, restaurants, and a YMCA. The center is just a three-minute drive to Market Street and downtown Sunbury with access to additional restaurants and shops. The Sunbury Center has access to free parking for students that is only steps from the school.

DUAL ENROLLMENT

Students who attend high school at many of the high schools in the Susquehanna Valley have the opportunity to gain a head start on their college career by dual enrolling online, in-house, or at their own school for \$100 per credit.

Additionally, any junior or senior who attends high schools that are not participating in a current agreement may also dual enroll for \$150 per credit - a savings of over \$300 for current college students.

AFFORDABILITY

The College has always placed incredible importance on remaining an affordable choice, while still preserving rigorous and engaging academics. The College continued that tradition by offering its first-ever bachelor's degrees beginning in the fall of 2017, yet again adapting to the current educational landscape.

The College's brand new Sunbury Center is just another way to uphold its mission of providing quality education and bettering the community. Lackawanna's open admissions policy and cost-effective tuition rates open the doors of higher education to a broader percentage of the population.

The foundations provided to our students provides access to fulfilling careers and the opportunity for additional studies when you continue into one of our bachelor's degree programs or transfer your associate degree to another institution.

Saturday April 7, 2018—2 p.m. to 10 p.m.
