We are pleased to present to you the 2017 Member Benefits & Opportunities Guide. This simple booklet serves as a resource for all of your membership and sponsorship needs.

We secure our events and programs one year in advance, and we hope that you will take a few minutes to take a look and place these events on your schedule. Some of our members are looking for increased brand recognition, business publicity or to simply support the activities of the Chamber. We would love to work with you in partnering with us to sponsor an event or program.

*The Central PA Chamber of Commerce believes in a personal relationship with its members. How else would we be able to help you attain your business goals? The Chamber has adopted the tag line **“Our Business Is Your Business”**, and that is exactly what we mean. We are in business to help your business reach its full potential. We believe in taking a proactive approach to the needs of our members which sets us apart from the rest.*

We take pride in keeping our members informed and up-to-date on all of the services that are included at no additional cost as part of the annual membership investment. We look forward to continuing to provide the personal and friendly relationship you have come to know. School Counts! Employer

Young people need to know that there is a correlation between working hard in school and finding a job, whether that job is in a Fortune 500 company or in the stockroom of a local retail store. They need to know that attendance, punctuality, attitude and effort count, and that nothing succeeds like hard work. Employers can reinforce these messages by asking young adult job applicants for high school performance records.

School Counts! will help students understand that school performance is important and will help develop a more highly qualified workforce.

The Central PA Chamber of Commerce Business & Education Association is working with local school districts to ensure the success of the School Counts! program.
