

20 MEMBER DIRECTORY AN INVENTORY OF OUR COMMUNITY RESOURCES

30 Lawton Lane Milton, PA 17847 570-742-7341 centralpachamber.com

The Central PA Chamber of Commerce is proud to have served the Central Pennsylvania Region for 116 years. And, when we look back to our origins, we see that we have the same basic mission today that The Milton Board of Trade had when they started on May 19, 1905, "To be the preferred Resource Center for our members supporting their economic and business development."

In 1905, the focus was on Milton, and when the 1920s rolled around the change in name reflected that focus when their charter was reactivated and The Milton Chamber of Commerce was born. The year 1956 brought two visionary groups together, the Chamber and the Milton Civic Improvement Association and their shared realization that they needed to have a more forward thinking and reaching outlook. The groups changed the name to reflect that broadening vision, to The Milton Area Chamber of Commerce.

During the 1960s, the broadening vision included the purchase of almost 700 acres of ground in what today is the Milton Industrial Park, where nationally known companies such as ConAgra, Weis Markets, Leer and longtime local companies S&L Services, Jeraco, PAWC, Watsontown Trucking, Keystone Sporting Arms reside, along with newcomers Patton Warehousing, Rotabelt and Custom Container Solutions.

In 2004, there was another name change, brought about by the Chamber members' desire to continue to reach out and embrace a more regional approach. The service territory was expanded to include Columbia, Montour, Northumberland, Snyder and Union counties, with the goal to be ready to service any area within the state that asked for assistance. With our rich history and related corporations, we are working with individuals and businesses to help small businesses grow. The continuing partnership between volunteers and professionals means the next 116 years can be just a prosperous as the past 116 years.

VISION STATEMENT

Helping Our Region Grow.

MISSION STATEMENT

To be the preferred Resource Center for our members supporting their economic and business development.

CORE VALUES

- We support our membership.
- We provide and inform of resources and programs to help the region grow.
- We promote a strong regional economy.
- We advocate for our businesses, professionals, educational and industrial communities.

OUR BUSINESS IS YOUR BUSINESS

to the resources that help your business grow.

The business of the Central PA Chamber of Commerce is business. The Chamber is the vehicle

Chamber Staff

Hired in March of 2011 as the Executive Assistant, Tea Jay was named President & CEO of the Chamber and its affiliates in October 2017.

As President & CEO, Tea Jay is specifically responsible for the following essential functions: strategic and operational planning, administration and staffing, advocacy and public policy, membership relations, development and retention, board of directors relations, external relationships...and all other duties as assigned!

Utilizing her experiences in manufacturing, marketing and customer service enables her to relate first hand to the needs of members. She believes that she owes her success to being extremely organized, highly motivated and a dedicated self-starter.

Her philosophy is that your smile is your logo, your personality is your business card, and how you leave others feeling after working with you becomes your trademark. Being approachable and personable are two things Tea Jay strives for on a regular basis.

Tea Jay is a graduate of Milton Area High School.

Jeff was hired by the Central PA Chamber in August 2012. As the Communication Director, he supports the organization's public relations efforts and assists members with their marketing plans.

He is the editor of It's Your Business, the Chamber's monthly magazine, which is all about the membership. Jeff also produces the Internet-based news program IYBTV (It's Your Business Television). Contact him for ways your business can be promoted through the Chamber's outreach and programs.

Prior to the Chamber, Jeff was employed nearly five years as a Staff Writer for The Standard-Journal newspaper in Milton. In addition, he spent more than two years as News Director for the radio stations of Max Media of Pennsylvania (now Seven Mountains Media) in Selinsgrove. He has won multiple PAB (Pennsylvania Association of Broadcasters) Awards.

Jeff is a 2001 graduate of Line Mountain High School and a 2005 graduate of Lock Haven University, receiving a bachelor's degree in Mass Communications and Journalism.

Michael was hired by the Central PA Chamber of Commerce in July 2017 as the Education Coordinator and supports the organization's Business & Education efforts.

He works closely with area businesses and schools to provide programming that will help students decide on their career paths and be better prepared for them. He hopes to help build a more "Knowledge-ABLE Workforce" for Central Pennsylvania.

For members, there are opportunities to sit on the Business & Education Committee, volunteer throughout the year and sponsor fundraisers for the 501(c)(3) arm of the Central PA Chamber.

Michael is a native of Kentucky. Before joining the Chamber, he worked for Whitaker Bank in Lexington.

He is a 2011 graduate of Paul Blazer High School, a 2015 graduate of Georgetown College, receiving his bachelor's degree in Business Administration and Communication, and a 2017 graduate of Eastern Kentucky University, receiving his Masters of Business Administration.

Jessica was hired in January 2018 as the Finance & Membership Director. She is the point-of-contact for the Budget & Finance Committee, made up of members who review the Chamber's finances. Jessica works closely with the President & CEO on membership recruitment efforts, and she is the point-of-contact for the Chamber's members to assist them with getting the most out of their benefits.

Jessica graduated from Montgomery Area High School and continued her education at McCann School of Business & Technology, graduating with a degree in Business Administration. Prior to joining the Chamber, Jessica worked at Weis Markets and Mifflinburg Bank & Trust Company. This is where she was able to use and grow her skills in finance and customer service.

She looks forward to watching the continued growth of the region and reaching out to more businesses/organizations that service this region to offer solutions for their needs.

Our Sphere of Influence

Our reach has grown over the years. We even represent members beyond Central PA.

Persevering

For many businesses and organizations in our region, there had never been a more challenging time than 2020. The Central PA Chamber is proud to share that most of its members survived the myriad of effects brought on by COVID-19. We had numerous businesses even join the Chamber in the middle of the pandemic. For some, this year proved not only a time to survive but thrive! They took challenges head-on, which lead to positive outcomes. Our hope is that these "Q&As" will inspire fellow members as we progress into the new year. Always know that as the Central PA Chamber, we are here for each other. We are resources. It's not only because of what we offer tangibly, but what can be shared to give others hope for a brighter tomorrow.

How did you survive, and even thrive, during the COVID-19 Pandemic of 2020?

We survived the pandemic by going out and talking to realtors, restoration companies, and reaching out to customers constantly to remind them that we are here for them and we will get through this. By checking on our loyal customers, they held their respect for us as a company and continued to use our services. We thrived thanks to those loyal customers and new customers putting their trust into us and working with them any time a situation arose. Without our customers, we wouldn't have been able to get through this time.

What were your greatest challenges?

There were a lot of roadblocks when it came to storage units. Customers didn't have the money to continue paying on their units, and potential customers didn't have the funds to rent units. We survived by working with these customers and let them know that we understand and can help to approach payments based on situations. Another challenge was the change in housing market. We are most busy when people are buying and selling houses, which didn't happen much this year, so we had to get creative on who we reached out to.

What resources helped you most to overcome the challenges?

For Raceway, our resources were our residential and commercial customers. We were a backbone for each other and reminded one another that we will get through this, and the end is coming. There's no better resource than those around you. Another resource was the Central PA Chamber of Commerce. Through the Breakfast Briefings and the Leadership Symposium, we came together as a business community and spoke on ideas of how to overcome the challenge that has been 2020.

What did you learn about your business?

We've learned that Raceway isn't just a company that does work and goes home; we create bonds with people. When we can't meet those customers that like to give payments in person or stop in to say "hello" because it's not safe, they still call just to talk. Even with a pandemic going on, people care about us. We have always known that, but these times made that stand out more than ever.

Advice for businesses that were negatively impacted?

Seek help or advice from those around you. There is an endless amount of support in our community, and we all must stick together. Use your Chamber, use the businesses that surround you, call a friend, someone may see something that you cannot. We all get blinded by our business and think we've tried everything, but someone from the outside may have a different perspective.

When available, the Central PA Chamber plans to share these Q&As in its monthly magazine, It's Your Business. We encourage all member businesses or organizations to participate. To be a part of the Persevering "Q&A", and for more information, contact Communication Director Jeff Shaffer at jshaffer@centralpachamber.com.

How did you survive, and even thrive, during the COVID-19 Pandemic of 2020?

The pet industry is always an interesting industry, but especially during the pandemic. With people being off work or working from home, many people added four-legged family members. We saw an opportunity to really cater to these new pet owners and have them shop locally rather than buying online. We always strive for personalized customer service, but now more than ever it was important to adapt to each customer's needs. Everybody's comfort level was different, so by offering free delivery, contactless curbside pickup, and in-store shopping, we were able to appeal to a larger population. This pandemic challenged us to think differently and be as flexible as the customer needed us to be.

The shutdown of our grooming services in mid-March also provided an opportunity for us to renovate and re-imagine what our grooming services could be in the future. Although it seemed crazy to do a major project in the middle of a pandemic, we invested a lot of money into a renovation project that expanded our grooming

room and also allowed us to provide a private, socially distanced area for a self-service dog wash. We wanted to be ready to meet the demand of our area's grooming needs when the shutdown was over. Looking back, our grooming services grew tremendously due to that renovation despite having to suspend grooming services for seven weeks.

What resources helped you most to overcome the challenges?

The staff was absolutely the greatest resource that helped overcome the challenges. We were able to brainstorm and bounce ideas. Some ideas were met with excitement and others were met with recommended changes, but the feedback was paramount in decision making. They encouraged me to better the business as I watched them provide the type of customer service not found in big box stores.

Advice for businesses that were negatively impacted?

It's much easier said than done, but don't be afraid to take a risk and maybe have an idea fail. Think outside the box! Some of the decisions and changes that we made during the pandemic were uncomfortable and involved risks, but without doing them we would not have seen the success that we did. Some of the risks could have involved financial losses, but the potential reward was worth the risk.

The UPS Store W

How did you survive, and even thrive, during the COVID-19 Pandemic of 2020?

Not only did our business survive, but we were able to thrive in these challenging times. Our products and services are considered essential, so we were able to stay open during the initial shut down. In April, I laid off two employees and shortened the number of hours we were open. We implemented safety guidelines including signage and a plexiglass "sneeze guard" at our registers and sanitized regularly. When the initial restrictions were lifted, I brought back my two laid off employees as well as rehired two others who had left for jobs in teaching and catering. We went back to our normal operating hours in early June and have actually achieved record growth in the months since.

What were your greatest challenges?

Our greatest challenges came from the fear that has permeated the fabric of our society. Working with the public and trying to maintain safety for both staff and customers has put a great deal of stress on myself and staff. While we maintain all the necessary precautions (masks, distancing, sanitizing), our customers sometimes do not, and it has caused confrontations between customers, which makes for a very stressful situation.

What did you learn about yourself?

I learned that I am stronger than I thought, but I also learned how to manage the additional stress and anxiety that this (hopefully) once in a lifetime pandemic has caused.

What did you learn about your business?

I learned just how essential our services are to the community and how essential the community is to my business.

The President's Club

The President's Club is an exclusive sponsorship program created to prominently recognize companies who contribute to the Chamber over and

above their annual membership investment. This extraordinary commitment has allowed the Central PA Chamber of Commerce to increase its level of service to the community in recent years, offering more value to its membership.

"A Knowledge(able) Workforce."

Building Leaders for the Susquehanna Valley

Building Leaders for the Susquehanna Valley

BLSV is designed for high school students who are beginning to show leadership potential and an interest in their community. Its goal is to acquaint them with community needs and resources and to encourage their participation as they develop important skills in numerous areas of leadership.

School Counts!

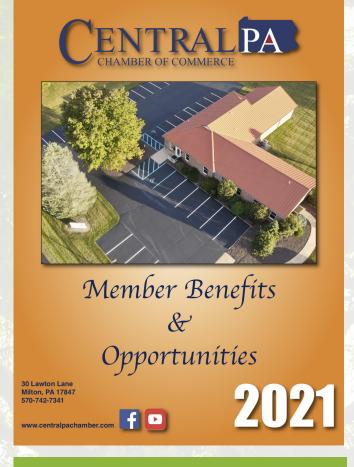

High school students are encouraged to demonstrate skills needed to succeed in any work environment. When students earn a School Counts! Certificate, employers are encouraged to recognize its value during the hiring process. Students also receive a letter of recommendation upon their third year (junior year) of completion.

Seminar & Training Series

Throughout the year, member-led classes on a variety of topics are held to educate and sharpen the skills of fellow members and the general public in two-hour sessions.

For more information on "B&E" programs, including Career Fairs, Job Shadowing and more, contact Education Coordinator Michael Porter: mporter@centralpachamber.com or 570-742-7341.

For details on the many benefits of being a Central PA Chamber member, visit: https://centralpachamber.com/membership/benefits/.

To support its Vision of "Helping Our Region Grow", the Central PA Chamber of Commerce is offering Pledged Asset Loans (PAL) to member businesses and organizations that need help in securing business loans. For more information,

visit: www.centralpachamber.com/pal.

"It was pretty much a seamless transaction with you guys, and it certainly will make things easier for me to do the renovations as opposed to having to use all of my cash...I'm certainly happy to suggest or encourage anyone who is looking to purchase to chat with you on how you can help them."

-Ann Hilliard, RE/MAX Bridges
