Ribbon Cuttings

Congratulations to T-Ross Brothers Construction! On Oct. 13, we helped them celebrate their new corporate center at the former Montard Elementary School with a ribbon cutting ceremony. President Todd Ross led the move and renovation was necessary since the business outgrew the previous location across Route 147 that they called home for 21 years. The updated space features approximately 18,000 sq. ft. with 20 offices, three conference rooms and plenty of room for growth. T-Ross also has a new web site at: www.trossbrothers.com. Cutting the ribbon is Todd Ross, surrounded by team members and supporters. From left: Tea Jay Akers, Central PA Chamber President & CEO; state rep. Lynne Schlegel Culver; Todd, Tom Ross, VP and Todd's brother, Chris Heinrich, CEO; and Tommy Michaels, VP of Operations. A second ribbon cutting was held to celebrate the T-Ross team. New for 2022:

Animations, Photo Carousels and Video!

(Available to all advertisers)

95-year-old PA native Bob Gardner recently wrapped up a dream coast-to-coast bike ride. He did what he wanted to do, he did it, and he did it well. He wanted to see the country and most people by taking two lane roads and avoiding major highways. Having been in training for his ride, Gardner's son, Kyle, has cycled across the country and he and his wife, Jennifer, are in training for his ride. PACFI Founder and Secretary Bob Derr agreed with Roush and said, "I'm 73 years-old, I doubt if I would have been able to do it." \$2,700 was raised so anyone who wants to can do so through the PACFI website at www.pacfi.org or by making a check out to "PACFI" and mailing it to PACFI, P.O. Box 17844, Harrisburg, PA 17144. Gardner began his ride on the shores of the Pacific Ocean in the Atlantic Ocean finish line near Portland, Maine, on Sept. 24. He took a few weeks off in August to go home to Meeker to rest and regroup, but the thought of not being able to finish never entered his mind. At the finish line, Gardner funds CF research. Anyone interested in Gardner's ride can go to his Facebook page at Robert W. Gardner where he provided daily updates and lots of photographs of the towns and places he visited.

School Counts!

Young people need to know that there is a correlation between working hard in school and finding a job, whether that job is in a Fortune 500 company or in the stockroom of a local retail store. They need to know that attendance, punctuality, attitude and effort count, and that nothing succeeds like hard work. School Counts! will help students understand that school performance is important and will help develop a more highly qualified workforce. The Central PA Business & Education Association is working with local school districts to ensure the success of the School Counts! program.
